  - Decentralized Execution
  - Rapid Reorganization
  - Threat to Lines of Communication
  - Joint and Combined

Expectations Have Changed

lexible – Responsive - Adaptable

- **Imperatives**
  - See, in "Near Real Time," Requirements Across Battlefield
  - Distribution System that is Fast & Precise

- **Future Concepts**
  - Highest Reliability We Can Afford (Key Performance Parameters)
  - Use New Technology to Reduce Requirements

Fuel Cells

Diagnostics/ Prognostics

Common Components

Advanced Wireless Technologies

G-4 FOCUS

- **"CONNECT" OUR LOGISTICIANS**
- **MODERNIZE THEATER DISTRIBUTION**

FIX THE CURRENT FORCE

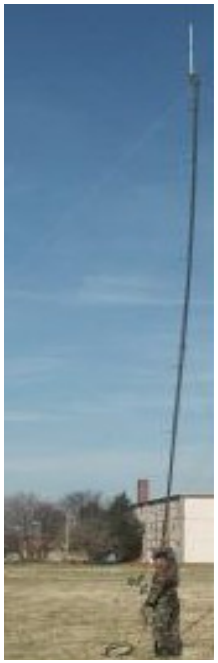
CRITICAL TO SUCCESS

- Our Commitment
- Joint Integration
- Policy Modernization
- Refined Doctrine
- New Force Structure
- Standards and

- **IMPROVE FORCE RECEPTION**
- **INTEGRATE THE SUPPLY CHAIN**

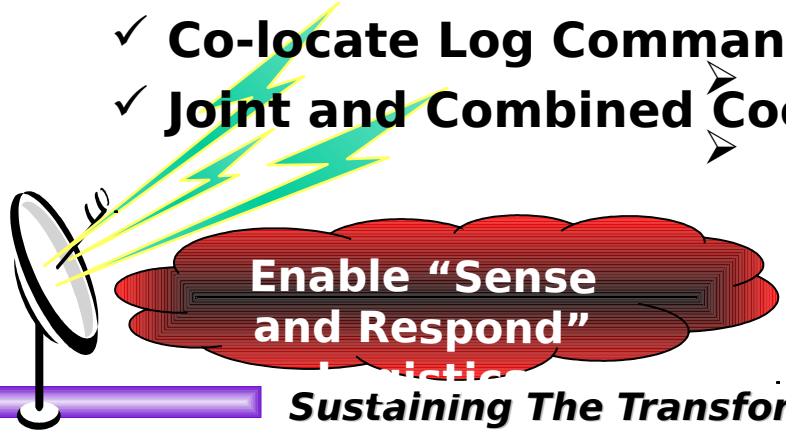
"CONNECT" OUR LOGISTICIANS

- **Agile, Assured, 24 / 7 Data Capability into the Enterprise**
  - ✓ **A Log Network For Log Data**
  - ✓ **ERP (Enterprise Resource Planning)**
  - ✓ **VSAT (Very Small Aperture Terminal), CAISI (Combat-Service Support Automated Information System Interface), & RFID (Radio Frequency Identification) w/ every SARSS (Standard Army Retail Supply System) Site**
  - ✓ **Collapse the Materiel Management Center Structure**
  - ✓ **Co-locate Log Command and Control**
  - ✓ **Joint and Combined Coordination**



CAISI OMNI ANTEN

- **Plug / Un-plug as Required**
- **Include Logistics, Personnel, Medical & Engineer *(Operational Sustainment)***



MODERNIZE THEATER DISTRIBUTION

"See" Requirements

- Single Proponent
- Enable Control With 100% Visibility
  - ✓ Total Asset Visibility / In-transit Visibil
    From Factory to Foxhole
  - ✓ Flexible and Responsive Distribution S
  - ✓ Rapid, Precise Delivery
- Single Doctrine, Single Structure, Single Info System
  - ✓ Strategic Integration (TRANSCOM = DPO)

Structure to Support Rapidly Changing Task Organizations

IMPROVE FORCE RECEPTION

- Aerial / Sea Ports Of Debarkation
  - ✓ Distribution
  - ✓ Life Support
- Strategic Connectivity
  - ✓ Theater Log C2 Node
- Embedded Sustainment Capability
  - ✓ Theater Opening Package vs Port Opening Package
  - ✓ Force Provider
  - ✓ Connectivity
- Life Support – Division in 5 Days
  - ✓ No Contractors First 30 Days … Better Solution?

"The First 15 Days"

INTEGRATE THE SUPPLY CHAIN

- **Single Proponent**

"See" the Requirement

- ✓ **Role of Strategic Partners**

U.S. Army Materiel Command

DEFENSE LOGISTICS AGENCY
The Warfighters Logistics Combat Support Agency

- ✓ **ASL (Authorized Stockage List)/ PLL (Prescribed Load Listing) Modernization**
- ✓ **Modernize Production and Distribution**
- ✓ **Supply Support Activity Afloat**

Eliminate Stovepipe Suboptimization

What We do in G-4 Subsistence

- Work Through Systems and DeCA to Feed the soldier…..All Soldiers! Everywhere!
- Make and Enforce Policy that makes sense and Advances the G-4 and the CSA Focus Areas…Do the Important Stuff First
- Resource our Programs and Defend Them…
- Army Advocate Within AAFES/DeCA
- Principal Interface with Congress

Key G4 Subsistence Activities

- 06 Food Policy Council
- DoD Combat Feeding Research and Engineering Program….Army Voting Member for Combat Feeding Research and Engineering Board
- Joint Service Operational Ration Forum
- Co-Chair Dining Facility Design Board
- Executive Agent for DoD Water…..Chair Joint Water Resources Management Action Group (JWRMAG)

G4 Role as Resource Provider

- Office of G4 manages the Sustainment Program Evaluation Group (PEG)
- Oversees Subsistence Input to Manning PEG
- PEG is the gateway to the POM process
- Sustainment PEG includes key subsistence resources such as : subsistence budget (garrison subsistence and combat rations), TISA support, war reserve stocks, dining facility equipment, health and comfort packs and legacy MIS (AFMIS) maintenance/software upgrades

Army Subsistence Program

FY05 = $1.6B Progra

Policy and Oversight
